NEW BRIDGE NEARS COMPLETION ON MCCARTY LANE

CHECK & DOUBLE CHECK: Fred Wade, Bridge Quality Specialist with KBR, Inc., makes a quality control check on the fresh concrete poured for the Cottonwood Creek Bridge on McCarty Lane on Friday, October 29. A final concrete pour is scheduled for this week with the Grand Opening Celebration slated for Saturday, November 13 at 10 a.m. The new urban roadway will provide a safer route east of IH-35 to San Marcos High School and surrounding areas.
